ANNOUNCEMENT.

I am now ready to do any kind of painting or paper hanging. Let me make you an estimate on any painting or papering you wish done.

Do you know that extensive exposure tests conducted under careful scientific directions have proven the greater durability and protective qualities of a paint prepared with White Lead alone shows early tendency to chalk off the surface, decreasing in decorative and protective qualities as the chalking progresses. The addition of zinc oxide with its hardening properties prevents early chalking of the lead and gives a much more durable paint.

I mix zinc oxide in my paint with expert skill. Call phone 530-W. 9 June-6t WM. E. SMITH.

SON OF FORMER LOCAL MAN DROWNS AT NEWPORT

Fifteen-Year-Old Son of Frank H. Dawson Drowns in Ohio River When He Took Cramps.

The Cincinnati Commercial-Tribune Tuesday says: The Ohio River claimed its first bather from the Campbell county shore yesterday afternoon, when Russell K. Dawson, 15 year old, 160 West Front street, Newport, drowned off the foot of Linden street, where he had been bathing with three companions. Russell's cry for help attracted the attention of his playmates, but when they swam to the scene he had disappeared beneath the surface.

According to stories told the police by the boy's companions Russell was unable to swim. The boys said that they waded in the shallow water near the shore for a while, and then took a plunge into the deep water. Russell, who was rather tall for his age, decided that he would wade out as far as he could, and then near his companions. Then he was attacked by cramps. He cried to his companions that he had cramps, and then sank. His companions said that Russell had mentioned to them that he had eaten a rather heavy meal before entering the water.

Frank H. Dawson, metal worker, the boy's father, was unaware of his boy's death until he returned home from work last night.

Russell was a student at the Newport High School and had just finished his freshman year.

The victim's father is a former Mayville man and has many relatives here. The lad's grandparents are Mr. and Mrs. William Dawson, of the East End.

HEALTH LEAGUE NOTES.

The 1922 canvass for dollar-a-year members of the Mason County Health League is over. Three hundred and forty people contributed \$488 for the support of the work of the league and in payment of annual dues. Anyone may join the Health League at any time on payment of \$1.00. The duties of the members are to lend moral support to health movements in their own neighborhoods, to read reports and learn what disposition is made of the funds, and to attend the annual open meeting if possible. Funds have not yet been turned in from committees in Sardis and Washington, the ladies in charge of the canvass having requested more time. Therefore the membership fund will probably be rather more than \$500.00. The money will be used in the prevention of disease, the care of the sick poor, up-keep of the nurse's automobile, supplies for free clinics, milk and other necessities for poor tuberculars, etc.

The league extends heartfelt thanks to the committee from the Mason County Women's Club which so efficiently canvassed the city, and to the committees in the county which worked so faithfully and so well.

LUELLA M. ERION,
Chairman Membership Committee.

COMMENCEMENT EXERCISES.

The graduation exercises of the High School will be held in the auditorium, 8 p. m., Thursday, June 15th. Six of the 41 graduates will deliver their finals. There will be special music by the Girls' Glee Club, High School Orchestra and solos. Each graduate is given four reserved seat tickets. The other tickets are on sale at the Peoples drug store where you may get them at 35 cents on Tuesday, Wednesday and Thursday.

BOYD GRAND JURY WILL INDICT IN THE CLAYHOLE MURDERS

Judge Halbert Quashes Murder Indictments Found in Breathitt and Boyd Jury Will Go Into the Various Cases.

Catlettsburg, Ky., — June 13. — On the opening day of the Clayhole election murder trial Circuit Judge W. C. Halbert sustained the motion of John Coldiron, commonwealth's attorney, to quash the indictment charging murder against Leslie Combs, Shade Combs, French Combs and George Allen, Democrats, accused of having slain George Maentosh, Republican, election officer. The motion directed that all evidence be resubmitted to the grand jury for reconsideration.

Today it will determine whether or not the four cases will be tried collectively or individually and also whether individual or collective trials will be required for nine Republicans accused in each of three indictments for the murder of Ethian Allen, Ashbury Combs and Cleveland Combs.

At the opening of the trial Monday Judge Halbert at the request of Mr. Coldiron, adjourned the jury until 1 o'clock Tuesday afternoon that the commonwealth might examine certain of the 100 witnesses brought here from Breathitt county, the commonwealth's attorney desiring to familiarize himself with the case before entering the trial. The first case to be tried probably will be that of the nine Republicans.

DISASTROUS FIRE AT RIBOLT.

A large blacksmith shop and garage owned by Rudder & Harrison at Ribolt was entirely destroyed by fire with all of its contents at about 4 o'clock Monday afternoon. The blaze was caused by an explosion of a gasoline engine and within a few minutes the entire building was in flames. The building was frame and 80 by 200 feet. A young man running the engine ran from the building immediately upon the explosion but was slightly burned. Mr. Rudder was in Mayville Tuesday on route to Cincinnati to buy a complete new equipment and stated that the firm was still in business and ready to take care of their many patrons within a few days. There was no insurance on the building or contents and the loss is estimated at about \$6,000.

MRS. CAROLINE LIVEZEY DEAD.

Mrs. Caroline Livezey, native of this city who before her marriage was Miss Caroline Watkins, died Sunday evening at the home of her sister, Mrs. Nannie Smith at Wayneboro, Va., where she had been for a visit. Death was caused by a stroke of paralysis. The body was taken through here Tuesday morning over C. & O. for her home at New Castle, Ind., for burial. The funeral party was joined here by Mrs. Livezey's nephews, Messrs. Eric White and Claude Watkins. Mrs. Livezey is the third member of the Watkins family to die within a few months.

ARBITRATION BOARD ON HOME WAREHOUSE MEETS.

The first meeting of the Arbitration Board on the sale of the Home warehouse to the Burley Co-operative Association is scheduled for Tuesday afternoon. Mr. S. P. Browning was chosen on the board by the Home warehouse, Mr. W. Holton Key was chosen by the association and Mr. W. Hall Strode was chosen by the men on the third man. The warehouse owners were asking considerably more for their property than the association's representatives would agree to pay and this caused the matter being forced to arbitration.

ODD FELLOWS' ENCAMPMENT ORGANIZE DEGREE TEAM.

At the regular semi-monthly meeting of Pisgah Encampment No. 9, I. O. O. F., held Monday evening an active degree team was organized and the first degree was conferred by the team. Following the meeting refreshments were served at Traxel's. At the next regular meeting the second degree will be conferred by the team and all Patriarchs are urged to plan to attend. Those willing to assist on the degree team are urged to attend at the next meeting and signify their willingness to help.

SCHOOL BOARD MEETS WEDNESDAY EVENING.

The regular monthly meeting of the Mayville City Board of Education for the month of June will be held Wednesday evening at 7 o'clock at the High School building, after which the school board, in a body, will attend the Colored High School Commencement at the Washington theater.

TUBERCULIN TEST FOR DAIRY COWS URGED

Dairy Expert Here to Test Mason County Dairy Herds—City May Require Test Before Milk Is Sold.

Dr. W. W. Renter, of Frankfort, representative of the Federal government and the State Agricultural Department is in Mayville at the request of a number of our prominent citizens who are interested in the protection of all milk users from tuberculosis as carried through dairy products.

It is understood that a number of the county's most prominent dairymen are planning to have an expert spend his entire time in Mason county testing and properly guarding the fine herds of dairy cattle from this dread disease which has played so much havoc with dairy cattle throughout the country.

Interest has been aroused in this vital question to such an extent in Mayville and Mason county, that City Council will probably be asked to adopt an ordinance prohibiting the sale of milk in the city until after the cattle have been thoroughly tested and found to be free from all indications of tuberculosis.

LOCAL WOMAN'S COUSIN TO SPEAK ON CHILD CARE.

Dr. Annie S. Veech, director of the State Bureau of Child Hygiene, is planning to spend the week beginning June 26th in Mason county, assisting in some baby welfare conferences at Mayslick, Sardis, and Mayville. Dr. Veech has also been invited to give the address at the annual meeting of the Mason County Health League, which will be held one night during the week. The date and subject of the address will be announced later. Dr. Veech is a cousin of Mrs. W. D. Cochran and will be her guest while in the city. Every citizen of Mason county who can possibly do so should plan to attend this annual meeting and hear Dr. Veech.

MR. J. K. BRUBAKER DIES.

Mr. James K. Brubaker died at his home in the East End Monday evening at 6:30 o'clock following an operation for appendicitis. He is survived by his wife, two daughters Mrs. James E. Roden, of Cleveland, Ohio, and Mrs. Robert B. Owen, of Claretton, Pa., and three sons, Messrs. Arthur, Cecil and Evans Brubaker, of this city, as well as his mother, two sisters and six brothers. Funeral will be from the Third Street M. E. church Wednesday at 10:30 a. m. and burial will be made in the Mayville cemetery.

REUNION STAYS INDICTMENT.

Leo Lloyd McElfresh, who was returned here from Brown county, Ohio, last week by Sheriff C. M. Devore on a bench warrant issued following the finding of an indictment for non-support, was united with his wife, Monday through the efforts of officials and relatives. Upon agreement the indictment was held up upon McElfresh's promise to officials that he would support his family in the future.

HIGH SCHOOL ANNUALS ARE BEAUTIES.

The 1922 Calx arrived Monday afternoon. They will be given out Tuesday afternoon at 3:15. They are something that Mayville should be proud of.

ENJOYABLE BAND CONCERT.

The band concert given at the municipal band stand Monday evening by the Cardinal Band was a most enjoyable affair. There were many on the streets and the boys and girls rendered a program of popular numbers in their usual peppery style.

COLORED HIGH SCHOOL COMMENCEMENT TO BE HELD WEDNESDAY

MAYSVILLE WOMAN TESTIFIES AGAINST MOTHER IN SUIT

Mrs. Alice Walker Supports Father's Contention in His Suit for Alienation Asking \$10,000 Damages.

Taking sides with her father, John Lindsay Wood, motorman, in his \$10,000 damage suit against Henry C. Davis, motorman, charging alienation of his wife's affections, Mrs. Alice Walker, 17 years old, Mayville, Ky., testified against her mother, who is now the wife of Davis, in Judge Edward T. Dixon's Common Pleas Court at Cincinnati Monday.

Wood charged that he worked at night, while Davis was on the day shift, and after he had left home, Davis would visit Mrs. Wood at their home. The daughter testified that four years ago, while her father was working at night, Davis began coming to their home to see her mother.

The jury includes five married women, who are Mrs. Jessie E. Spangler, 2712 Colerain avenue, Mrs. Norman, Hicks, 951 Findlay street; Mrs. Joseph Kraus, 982 Paradome street; Mrs. Ruth Baker, 3205 Gilbert avenue, and Mrs. Lulu Howes, 1705 Taft road.

ARRESTED ON CHARGE OF FAILING TO PROVIDE

Bernard Rogers Arrested Here on Request of Portsmouth Authorities—Complaint Made By His Wife.

Bernard Rogers, of this city, was arrested Tuesday morning by local officers upon a warrant issued in Portsmouth, Ohio, at the request of his wife for failing and refusing to support his wife and family.

Rogers' family has been living in Portsmouth for some time having moved from this city to the Ohio city.

When arrested Tuesday Rogers said that he had not refused to support his wife but that he had learned that he could not stand the steel mill work in Portsmouth and had returned to Mayville to seek employment in the local cotton mill, which work he had done for years.

He will be taken to Portsmouth today, having waived the necessity of extradition papers.

YOUNG PEOPLE MEET.

The Young People's Missionary Society of the First M. E. Church, South, meets Tuesday evening at 7:15 o'clock at the home of the Misses Shackleford in Fourth street.

Mr. Jerry Thomas, of Newport, is visiting his mother at Orangeburg.

ROAD BOND ISSUE DISCUSSED AT MEET OF COMMISSIONERS

County Commissioners and Local Bankers Talk Over Prospects of Large Bond Issue For Permanent Roads.

The entire time of the Mason Fiscal Court Tuesday morning was taken up with a discussion of road conditions in Mason county. The commissioners invited the local bankers to attend their meeting and talk over the prospects of a bond issue for a half or three-quarters of a million dollars for the permanent improvement of the county's chief highways.

All bankers present as well as all members of the Fiscal Court were of the opinion that the one great need of Mason county at the present time was good roads and they were practically all of the opinion that only some form of permanent road should be considered.

It was learned that the State Road department would meet the county dollar for dollar on three of the main roads of the county which are parts of the state's primary road system. These roads are the Mason-Lewis, Germantown and Lexington roads. It was suggested that if Mason countians would vote a half-million bond issue for the improvement of these roads, the state would add another half-million giving a million dollars for these three roads. An additional \$300,000 was thought necessary for the Mt. Sterling road, the entire expense of which would have to be paid by the county.

With such a bond issue as was suggested, the county's regular road tax could be entirely spent each year on the secondary or cross pikes in the county and it was argued that, within a short time, Mason county could have a system of real roads in all directions.

A committee composed of Messrs. J. N. Kehoe, W. W. Ball, Jr., H. T. Asbury, J. M. Collins, Stanley F. Reed, L. M. Collins, W. A. Downing and S. M. Roff was named to go into the matter thoroughly and get facts and figures on the proposition. This committee will also feel the pulse of the county and report to the Fiscal Court at some future meeting.

NOTICE UNION CARPENTERS.

Special meeting of Mayville Carpenters' Union will be held at Carpenters' hall in the Masonic Temple, at 7 o'clock Tuesday evening, June 13, for the purpose of making arrangements to attend the funeral of Brother Brubaker.

CLARENCE MATHEWS Editor and Manager

Entered at the Postoffice, Maysville, Ky., as Second Class Mail Matter

RATES IN ADVANCE: By Carrier or Mail, \$3 per year; \$1.75, Six Months; 40 Cents per Month.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

AND THE PUBLIC PROFITS THEREBY.

The public in general benefits very materially in the series of agreements reached between the Kentucky Actuarial Bureau, City officials and the Maysville Water Company, for besides preventing a considerable outlay of money in increased fire insurance rates, the public will be better protected from fire hazards.

Maysville has not been properly protected from fire for the past three years, due to the general break-down of the Maysville Water Company's plant. There was much excitement when the public first learned that the water company's ancient equipment had given way and that the city was not only at the mercy of flames but that the supply of water for household use was threatened. Matters took a serious turn for a time.

Then when the water company was again equipped with new pumps and the city was still bragging about its first class fire department, along came the state's rate-makers and threw a real scare into us by threatening to increase the fire insurance rates because neither our re-vamped water works or our splendid fire department came up to the standards demanded.

Those representing the city have finally reached agreements whereby the water company will have an additional electric pump and the local fire department will be increased by three men, to be used in an emergency, while both of our fire fighting machines will be ready and handy for use in the event of a "Ten Blow."

While the visit of the rate makers has frightened us somewhat, the city has profited thereby. We shall be assured of plenty of water in the future and our fire department will be much more efficient and rated higher. The best of it all is that our insurance rates will not be increased.

THE POWDERED MALE

The young man of the period is as much interested in all the "aids to beauty" as women are, according to a speaker before the sixteenth annual convention of the California Pharmaceutical Association, who said: "Every man who lays claim to any class at all has his pet shade of face powder, his particular fragrance of toilet water, his favorite shaving soap and his distinctive preference in nail polish. The up-to-date man seeks to make himself just as attractive to women as they are supposed to strive to make themselves to men. Druggists must recognize the fact that men now constitute a great and rapidly growing percentage of the patrons of the toilet articles, and that they must make greater efforts to accommodate that class of patronage."

It would not be easy to find any reasonable abjection to such habits among males with limitations, although refinements of the sort indicated are supposed to flourish in decadent civilizations, after the days of the pioneers and the fighters had been succeeded by an era of soft and more or less effeminate east. But the sturdy young American of former times would have scoffed at them as ill befitting genuine manhood. He would doubtless be of the opinion that there now begins to be a need of that "injection of instertional glands" whereby it is possible—according to Dr. Leonad Williams, speaking before the British Medical Association—to "make man more manly and woman more womanly," thus properly accentuating and maintaining the dividing line between the sexes.

AMUSEMENT PLACE NEEDED.

The opening of Beechwood Park as a public amusement place for the summer months will fill a long felt want in Maysville. Maysvillians have long needed a place of summer amusemnt just as the owners of this park propose to furnish.

There is no more beautiful little park, so far as natural beauty is concerned, in many miles, than Beechwood and the improvements to be added by the owners will greatly increase its beauty. The bathing beach feature at the park fills another need in Maysville and there is not the least doubt but that it will be patronized liberally.

The tired business man and the worried housewife may now forget their worries and business in an evening in the park.

Fairness and good business judgment is shown by the owners in fixing the price of admission at an amount so small that all may enjoy the park often.

We look forward to many pleasant evening in the cool of the aged beach trees.

Two women were members of the jury which gave "Red" Holt, Cincinnati detective slayer, the death penalty. Holt was guilty of a most brutal murder of an officer and the women joined the men on the jury in seeing that the demands of the law were met. Women have proven that they make good jurors.

"Why American History", inquires the Dearborn Independent. There wouldn't be any reason or demand for it if all Americans were Henry Fords, but fortunately there are millions of people in this country not obsessed with the hallucination that all worth while human history began with themselves.

A Terre Haute, Ind., dispatch says that Eugene V. Debs will insist that he be returned to the penitentiary unless the "political" prisoners still incarcerated are released. Well, if Mr. Debs wants to recalculate a petition asking this favor at the hands of the government he can undoubtedly get quite a number of signers.

The Chicago White Sox have paid the San Francisco club \$100,000 for a third baseman named Willie Kamm. The management is shifting from the ivory to the lottery business.

Took Lydia E. Pinkham's Vegetable Compound—Read the Result

Cincinnati, Ohio. — "I suffered for a year with nervous troubles and irregularities before I took Lydia E. Pinkham's Vegetable Compound. My back ached all the time and I was unfit for housework. I was worn out if I cooked a meal, and was unable to do my washing. My girl friends and my sister told me if I would take your Vegetable Compound and Liver Pills I would be relieved. After taking the first bottle I felt better, and neglected it awhile, but found I could not do my work until I was stronger. So I took the Vegetable Compound again and now I am the mother of a 19 months old boy. He is fat and healthy and I am sure I could never have carried him if it had not been for your Vegetable Compound. I recommend your medicine to all women although I am young to be advising some one older." — Mrs. CHRIST. PETROFF, 318 W. Liberty St., Cincinnati, Ohio.

Lydia E. Pinkham's Vegetable Compound contains no harmful drugs and can be taken in safety by any woman.

TO MY MOTHER—ON HER SIXTY-FIRST BIRTHDAY.

(Published in commemoration of "Mother's Day," May 14, 1922.—J. J. Dickey.)

Mother, the marks of many years
Are written on thy brow.
Those cheeks which once were full of bloom,
Have many furrows now.

The firm elastic step of youth,
Which moved thy form so fair,
Is tremulous with ripening age
And unregarding care.

The steady march of stealthy time,
Well measured by the sun,
Has swelled the number of thy days,
To threescore years and one.

Through all these years of womanhood
The ones whom God had given,
Have been the burden of thy mind,
To train them up for Heaven.

Mindful of this great work of love,
The children of thy care,
With filial trust and tenderness,
These trifling presents bear.

Not to repay thee for thy toil,
Reward thee for thy tears;
Not to exchange these worthless wifths,
In traffic for thy prayers.

No, for such love a life of toil
But feebly would express.
The feeling that should swell the hearts
Which such a mother bless.

Angelic joys beyond the skies,
Alone cannot compensate,
When crumbling nature has decayed
And sent thy soul from hence.

We bring them but to intimate
What words cannot convey,
To soothe thy heart amid its cares,
And smooth life's rugged way.

Accept them thus and we shall feel
Our labor amply paid,
With richer fruit than gold can buy
In foreign marts of trade.

The love we here would represent
We trust is dearer far
To thee than gold and rubies, though
As priceless as a star.

Oh, may the labor of thy life,
A rich reward afford,
In bringing all thy seed to dwell
Forever with the Lord.

In the declining years of age,
As life's enchantment dies,
May sweetest peace possess thy soul
And mansions in the skies.

Receive thy spirit when released;
And under Heaven's blue dome,
The child of toil, and care and hope
Find an eternal home.

joining flat or on the street. It made him pretty mad. "Twasn't fair. He got up and walked the streets finally in despair. Along early in the morning, he passed the Lightfoot Schultz Soap Company's plant. He saw when he couldn't dawn in his shirt, and lured him into the engine room. Sleep, would they? He'd see. Peter turned on the steam and blew the whistle. The whole neighborhood works in that plant and there was horror throughout the homes, when they heard that long whistle and they all still asleep! With shoe-laces flying and hair unsmoothed the men and girls for blocks around began flocking to the factory. Foreman Hugo Lange got there first and discovered Peter. The law put him in a nice cool cell on a charge of malicious mischief, but if it hadn't done it and done it quickly, 200 factory employees would have thrown him into a still cooler river and have seen that he didn't get out.

Tariff bills are about as dry reading as most anything imaginable, and this is particularly unfortunate, because there are pretty important things in them that it wouldn't be a bad thing for the public to understand. Some interests represented here in New York are tremendously concerned both ways, for instance, a potato. It is a simple sounding subject but its cause is exceedingly involved. It seems. Naturally, if other countries want to undersell our own products to us, they carry on live propaganda for that purpose. Potash is a leading matter for propaganda just now for Germany and German export agents in this country, and like most of America's export and import affairs, a lively commercial side of the fight is being conducted on Manhattan Island. America wants to develop her own potash deposits, it seems, and she has a excellent one. If she could have five years to get on her

ENDORSED AT HOME.

Such Proof as This Should Convince Any Maysville Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

D. S. Stout, 22 East Second street, Maysville, says: "Just after my recovery from pneumonia, my kidneys began to give me trouble. My back had a steady dull ache and it hurt me to breathe. My eyes would get puffy underneath. I knew my kidneys were in bad shape and something would have to be done to check the disorder so I got a box of Doan's Kidney Pills and began using them. It didn't take long to rid me of my trouble. I take pleasure in recommending Doan's Kidney Pills."

own feet, potash-ly speaking, it is declared that then she could sell as cheaply as any foreign potash interests. Moreover, her potash is particularly good quality, experts testify. But the propagandists of the foreign business enterprises who are humanly concerned in their own interests, have been working to convert the farmers to the idea that a protective tariff on potash would cost them \$2.50 per acre. The experts who have gone into the subject explain that as the duty asked is about two and one-half cents a pound, the actual cost to the farmer would not be more than 25 cents an acre—which is quite a different thing. The chief use of potash is for nonfertilizing soil which has been robbed by successive crops of its natural potash, and a secondary use is for black powder. One reason that every nation feels it necessary to develop its own potash fields where possible, is in order to be independent of any other nation in case of future hostilities.

Probably the smallest church in New York is that of the Spanish Episcopalians. Few know that it even exists. It is hidden away from general view and is sought out by only a small number of worshippers. It is tucked away on the second floor of the Missions House, in a room little larger than the ordinary New York apartment living room. It will hold nearly fifty people, however, but rarely are there more than five or six in attendance. If only two are there or one—the minister, Rev. N. Granero Mantero, proceeds with the services as earnestly as though he had five hundred.

—NY—

An effort is being made, while Otto Kahn and Gatti Casazza, director of the Metropolitan Opera Company, are in Europe, to get the ban on "Salome" lifted. Maybe, its proponents believe that the Viennese atmosphere will prove more favorable to their persuasive efforts, than that of the men's own home town, New York. Richard Strauss himself has gone to Vienna to conduct "Salome" in the presence of the Metropolitan powers.

—NY—

Rosie Reeve, eleven years old of Chicago, is the latest prodigy to come to New York. With a record of having just completed eight years of school work in one year, she has come here to enter Columbia University. Her father took her out of school in the fourth grade and under his own system of instruction, she was able last year to pass college entrance examinations. Rosie is still a child, however, and this is a relief. "I want to be a lawyer," she told a reporter who interviewed her, "so I can speak at the bar. I should also like to be a singer and have six children." Nothing over-mature in her point of view, however much there may be in her acquired information.

Members of the police force of Wilmington, N. C., have been ordered by their chief to become regular attendants at church services.

WATERWAYS MEET

HELD AT PEORIA

Meeting in Interest of Waterways Improvement to Be Held in Illinois Town July Third.

Peoria, Ill. — A waterway convention, which promises to be the most important held in the mid-west this season, is being called for this city for the evening of July 3rd. The organizations which are joining in this call are the waterways commission of the state of Illinois of which Senator H. C. Hanson of Bloomington is chairman; the waterways committees of the Illinois Manufacturers Association of which Mr. E. T. Harris of Chicago is president, and the Illinois Chamber of Commerce of which Mr. Al Schoch of Ottawa, Illinois, is secretary; the Mississippi Valley Association of St. Louis with James E. Smith as president; the Mississippi Valley Power Boat Association, Walter B. Wilde, of Peoria, president; the Illinois Waterways Association, H. B. Morgan of Peoria, president, and the Illinois Valley Protective Association with Eugene Brown at its head. This convention will be under the auspices of the Peoria Association. The date selected is during the annual regatta of the Mississippi Valley Power Boat Association and the regatta of the Central and Southwestern rowing associations, at which time hundreds of those interested in waterways will be present.

The announced purpose of this convention is "To bring about an early completion of the Illinois section of the Lakes to the Gulf waterway." It is expected that United States senators and representatives of Illinois and adjoining states with governors of those states will be among those present at this convention.

THE BIG TEXT MEETING.

About four hundred people attended meeting Monday night. Splendid music and singing was enjoyed by all. Special duet by members of the party. Also special quartet by the Cox family with guitar and mandolin accompaniment.

Sermon by Evangelist Howard. "We are laborers together with God" 1 Cor. 3:9. He asked and answered three questions: "Who are we?" "Where we came from?" "Why we are here?" We are members of different churches; from Asbury College, Wilmore, Ky., and I am a member of the Kentucky conference at present pastor of M. E. church, Germantown, Ky. We did not come from monkeys, but as to where we have been, we have been going from Southern states to Northern, preaching the gospel. We are here because we feel interested in Maysville, and we want the old men and the old women, boys and girls, old maids and old bachelors, and everyone else to feel that they have a part in this meeting. We will be co-laborers in song, in prayer and in truth. Everything can express itself in song but the pig, so don't be a pig, come and sing.

Do you have a family altar? When did you pray? We want you to pray

WM. FARNUM IN "PERJURY" AT PASTIME WEDNESDAY.

"Perjury," the Wm. Fox super-feature with William Farnum and Sally Crute, which enjoyed a sensational run in a Broadway, New York, theater, will be the extraordinary attraction at the Pastime Wednesday and Thursday.

"Perjury" is one of the strongest and most thrilling fighting pictures that Wm. Farnum has ever appeared in.

Manager Triebel considers it to be one of his best bookings, that is his reason for holding it two days. On account of the extreme length of this production, two shows per day can only be given. Afternoon performance at 2 sharp. Evening at 7:30 sharp.

This great picture was directed by Harry Millarde, who directed "Over the Hill." It tells the story of a good man who was sent to prison for a crime that he never committed.

for this meeting. Someone needs your prayers. Let us stand together for the truth of His word and God will surely bless us.

Sermons Tuesday at 3 p. m. Sermon by Mrs. Cox; and at 7:30 p. m. Program. Sermon by Rev. Howard. Violin solo, Miss Hammond. Quartet.

LIMBERNECK BECOMING MORE SERIOUS AS CHICK TROUBLE.

Lexington, Ky. — Frequent inquiries being received by the poultry department of the College of Agriculture indicate that Limberneck already is causing the death of many growing chicks and hens in different sections of the State. The trouble, which increases as the weather becomes warmer, is quite common each year among farm flocks, poultrymen of the college say.

Limberneck, which is a symptom, rather than a disease, is a paralysis of the muscles in the neck of the birds which often results from eating decayed flesh. It is a form of poisoning that also may be caused by eating arsenate of lead and other poisons found on the farm. No cure is known for the trouble, the chief control of it being prevention. Special care should be taken to see that all dead chicks and animals are buried deeply or burned to prevent the spread of the trouble, the poultrymen say.

WHISKY HANDITS TO BE TAKEN TO PEN FRIDAY.

Louisville — George Murphy withdrew his motion for a new trial, and Judge Burgevin sentenced him. He will be taken to Frankfort Friday to begin serving ten years for complicity in the robbery of the home of John H. Caperton, which was entered the night of March 23 by a gang of bandits, Herbert McAllister, also a member of the gang, pleaded guilty with Murphy several weeks ago and received the same punishment, and he also will be taken to the penitentiary Friday.

COLORED CITIZENS.

There will be held at the Haven M. E. church, Washington, the annual children's day exercises, Sunday, June 18th. Everybody invited.

Coming, the Woman's Annual Missionary Convention of the Lexington conference. Maysville and vicinity will be blessed by the annual meeting of the Methodist Woman's Home Missionary Society which convenes at Scott Chapel M. E. church from June 28th to July 2nd. This meeting brings together above three hundred women and young people, leaders in their respective congregations from eight central states to report and plan for the advancement of "The Kingdom."

The Camp Fire Girls under Mrs. Drucilla Clay will camp near Washington for ten days before the convention in Maysville.

Large preparations are being made for the successful entertaining of the honored guests, Dr. D. R. Hickman, entertainer of the convention.

A real new revival planned on Monday, June 12th, eight ministers of the Maysville group of the Lexington district will undertake to inspire new zeal into the three charges of Bro. A. L. Weeks, who is pastor of Germantown, Minerva and Mt. Olivet. Dr. D. R. Hickman is chief director of this group meeting and the hope is that through the aid of these brethren, all of whom have made a special study and are prepared to do special work in one of the following great movements of the church, Centenary and Life Service, Evangelism, and Young People Activities. A week will be spent on this charge by these pastors and it is expected that great good will be done these churches and communities.
